

2022 – 2023: Priorities Driving School Improvement

Excellence - Evolution - Equity

Our School Motto: 'The best we can be'

Priority 1: Increase writing stamina, output and quality across the curriculum.

Priority 2: Extend and embed current iPad 1:1 practice across the curriculum and in delivering the computing curriculum.

Priority 3: Reduce the gap between vulnerable pupils and their peers –the needs of our most vulnerable pupils driving all school Improvement.

Priority 4: Establishing a personal and experiential global dimension to the character education in our curriculum.

Our Mission Statement:

At St Hilary School everyone is valued and cared for as an individual and children are at the centre of all we do. We allow the uniqueness in each individual to flourish through a happy, safe and stimulating environment where everyone can meet their personal goals and full potential: intellectually, physically, socially, emotionally, morally and spiritually. Through a positive community ethos we listen, engage and nurture a can-do attitude in order to prepare all learners for their future lives, enabling enjoyable learning within the context of a rapidly changing technological society.
