

# Key Vocabulary

<b>Seasons</b>	There are four seasons each year. They are autumn, winter, spring and summer.
<b>Spring</b>	The weather starts to get warmer. Leaves begin to grow, and some trees may blossom (have flowers). Days start to have more daylight hours.
<b>Summer</b>	The weather gets hotter. Days in summer have the most daylight hours. Trees are full of leaves and there are lots of flowers, bees, butterflies and other insects.
<b>Weather</b>	Includes the temperature outside, how windy it is and rainfall (how much it rains). We can also describe cloud, snow and sun.
<b>Daylight</b>	When it is light outside. The amount of daylight changes with each season
<b>Habitat</b>	The natural home or environment of an animal or plant.
<b>Coast</b>	The land near a shore: seashore.
<b>Tide</b>	Rising and falling of the ocean
<b>Camouflage</b>	Some animals have colours which match their environment which protects them from being hunted.

# How can we fix the commotion in the ocean?

## The Four Seasons

**autumn**  
September  
October  
November

**winter**  
December  
January  
February

**spring**  
March  
April  
May

**summer**  
June  
July  
August

Spring

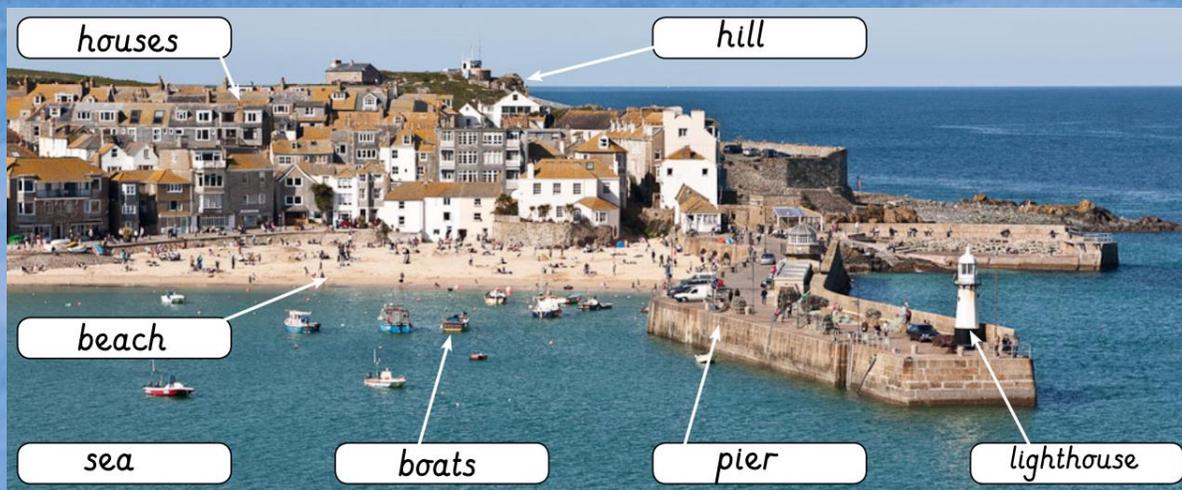

Summer

Autumn

Winter

### Physical features of the seaside

A seaside resort has many natural physical features, such as the beach, the sea, cliffs and caves. This means they were made by nature.

### Human features of the seaside

Human features found at the seaside might include the pier, the harbour, a lighthouse, a fairground and shops. These features are all man-made.

### Oracy challenge!

Can you answer our question with a 1-minute speech? What would be your most important piece of information to back-up your thoughts.

*Remember: body language, volume and make your voice clear.*

## Microhabitats

### A Rock Pool

The microhabitat of a rock pool can change as the tide comes in and out and washes water and life in and out of the pools. Some rock pools are full of life whilst others, at the back of the beach, that do not get refreshed by the tide, have less life.
